### Features & Benefits

- Tricot Stitch Fabric allows flexibility of cutting the fabric in any shape without disorientation of Glass Fiber orientation.
- Various Options available to give free hand to Designer to have tailor made system.
- Lower Thickness
- Light in Weight & do not increase dead weight on the structure

### Packaging

RELINFORCE G Fab 930 UD is supplied in 50M length & 0.5M wide Rolls.

### Shelf Life

2 years from the date of manufacturing.

### Precaution

Precaution to be taken that it is kept in roll form only & not to be bend right angle & stacked. Bending the loose fabric in right angle can cause damage to fiber matrix of the fabric.
